fImpact Week! Weeks of April 10th & April 17th

* Impact week is when we take a week off from the classroom and go out into the world to work in, share with and bless our community. We can't be a disciple just being in the classroom! Each Impact week is different in what we do, but the same in heart. We want to learn about Jesus and our faith, then we want to go live it!

* Be watching our Bulletin, Announcements, Email and Facebook for our Impact Week projects.
